

## ENT

### ❖ ESSAY

#### a) EAR

##### ➤ **Chapter 5 – Hearing loss**

- 1) Mention the causes of conductive deafness. Discuss the aetiology and management? 29
- 2) Discuss the types, indication on prerequisites principles and complication of tympanoplasty? 30,406

##### ➤ **Chapter 7 – Disorders of vestibular system**

- 1) Discuss the causes of vertigo and write about its management? 45

##### ➤ **Chapter 10 – Disorder of middle ear**

- 1) Aetiology, pathology, clinical features and management of acute SOM? 63
- 2) Aetiology, pathogenesis, sign and symptoms, management of glue ear? 64

##### ➤ **Chapter 11 – Cholesteatoma and CSOM**

- 1) Write in detail the etiopathogenesis of attic cholesteatoma its complication and management? 68, 72
- 2) Discuss the aetiology, clinical features and management of tubotympanic type of CSOM? 69

##### ➤ **Chapter 12 – Complication of SOM**

- 1) Discuss the etiopathogenesis, clinical features and management of acute mastoiditis. 76
- 2) Write in detail about lateral sinus thrombosis and management. 84
- 3) Symonds syndrome (otic hydrocephalus) 85

##### ➤ **Chapter 13 – Otosclerosis**

- 1) Aetiology, pathology, clinical features, diagnosis and management of otosclerosis. 86

##### ➤ **Chapter 15 – Meniere's diseases**

- 1) Enumerate the features of Meniere's disease its aetiopathogenesis, clinical features and management? 101

**b) NOSE**

- **Chapter 23 – Anatomy of nose**
  - 1) Describe in detail the structure of lateral wall of nose, what is OMC? 135
- **Chapter 27 – Acute and Chronic Rhinitis**
  - 1) Describe in detail the aetiology, clinical features and management of atrophic rhinitis? 153
- **Chapter 32 – Nasal Polypi**
  - 1) Discuss the aetiology and management of unilateral nasal obstruction? 173
- **Chapter 32 – Epistaxis**
  - 1) Discuss the causes and management of epistaxis? 177
- **Chapter 37 – Chronic Sinusitis**
  - 1) Describe the aetiology, clinical features and management of chronic maxillary sinusitis? 195

**c) THROAT**

- **Chapter 51 – Acute And Chronic Tonsillitis**
  - 1) Discuss the differential diagnosis and management of membranous tonsillitis? 259
  - 2) Write in detail the aetiology, pathogenesis, clinical features and management of chronic tonsillitis? 260
- **Chapter 59 – Congenital Lesions Of Larynx And Stridor**
  - 1) Mention the causes of stridor? 296
- **Chapter 62 – Cancer Larynx**
  - 1) Describe various treatment option for laryngeal malignancy of various stages? 307
  - 2) Describe various stages of cancer larynx. Add a note on carcinogens and premalignant condition.
- **Chapter 63 – Voice And Speech Disorders**
  - 1) Write the causes of hoarseness of voice in a 60 or 70-year-old male and discuss its management? 313

➤ **Chapter 64 – Tracheostomy**

- 1) Discuss the indications, procedure and complication of tracheostomy?  
317

➤ **Chapter 69 – Dysphagia**

- 1) Enumerate various causes of dysphagia, describe pathogenesis? 347

➤ **Others**

**Chapter 94**

- 1) Mention the indications, contraindication and complication of adenoidectomy? 431

❖ **SHORT NOTE**

• **EAR**

○ **Chapter 1 – Anatomy Of Ear**

1. Endolymph – 10

○ **Chapter 4 – Assessment Of Hearing**

1. Tuning fork test – 21
2. Rinne test - 22
3. Weber test – 22
4. Absolute bone conduction test – 22
5. Pure tone audiometry – 23
6. Impedance audiometry – 24
7. Tympanometry

○ **Chapter 5 – Hearing Loss**

1. Ototoxicity – 33

○ **Chapter 6 – Assessment Of Vestibular Function**

1. Nystagmus – 41
2. Caloric test – 43

○ **Chapter 7 – Disorder Of Vestibular System**

1. BPPV

**(ii) Chapter 8 – Diseases Of External Ear**

1. Otomycosis – 52
2. Malignant otitis externa – 52

- 3. Cerumen – 53
- 4. Keratosis obturans – 54
- **Chapter 9 – Eustachian Tube**
  - 1. Eustachian tube – 57
- **Chapter 10 – Disorder Of Middle Ear**
  - 1. ASOM – 62
  - 2. Glue ear, Adhesive otitis media – 64
  - 3. Otitis media with effusion – 64
- **Chapter 12 – Complication Of SOM**
  - 1. Acute mastoiditis – 76
  - 2. Gradenigo syndrome – 79
  - 3. Otogenic facial palsy – 80
  - 4. Labrynthitis – 80
  - 5. Lateral sinus thrombosis (Sigmoid sinus) – 84
- **Chapter 13 – Otosclerosis**
  - 1. Otosclerosis – 86
  - 2. Stapedotomy – 88
- **Chapter 14 – Facial Nerve and Its Disorders**
  - 1. Bell’s palsy – 95
  - 2. Facial palsy – 94
  - 3. Ramsay hunt syndrome – 96
- **Chapter 15 – Meniere’s Diseases**
  - 1. Meniere’s diseases – 101
  - 2. Fluctuating hearing loss – 101, 447
- **Chapter 16 – Tumours of External Ear**
  - 1. Pre – auricular sinus – 106
- **Chapter 18 – Acoustic Neuroma**
  - 1. Hitzelberger’s sign - 112, 449
- **Chapter 19 – Deaf Child**
  - 1. Deaf mutism – 115
  - 2. Inner ear aplasia – 115 (Michel aplasia)
- **Chapter 20 – Rehabilitation of Hearing Impaired**

1. Hearing aids – 121
  2. Cochlear implant – 124
- **Chapter 21 – Otagia**
    1. Referred otalgia – 128
    2. Reflex otalgia – 128
- **NOSE**
    - **Chapter 23 – Anatomy of Nose**
      1. Osteo – meatal complex (OMC) – 135
      2. Uncinate process – 136
        - a. Middle meatus of nose – 136
      3. Hiatus semilunaris – 136
    - **Chapter 24 – Physiology of Nose**
      1. Cilia – 140
      2. Anosmia – 142
      3. Parosmia – 142
    - **Chapter 25 – Diseases of External Nose And Nasal Vestibule**
      1. Nasal furuncle – 145
    - **Chapter 26 – Nasal Septum**
      1. Nasal septum – 147
      2. SMR Septoplasty – 149, 150, 413, 415
      3. Septal haematoma – 150
    - **Chapter 27 – Acute and Chronic Rhinitis**
      1. Atrophic rhinitis – 153
      2. Nasal decongestants – 153
      3. Young's operation – 154
    - **Chapter 28 – Granulomatous Diseases of Nose**
      1. Rhinoscleroma – 156
      2. Rhinosporidiosis – 158
    - **Chapter 29 – Misc. Disorder Of Nasal Cavity**
      1. Rhinolith – 161
      2. Myasis of nose – 161
      3. Choanal atresia – 163

- 4. CSF rhinorrhoea – 163
- **Chapter 31 – Vasomotor and Other Forms Of Non-Allergic Rhinitis**
  - 1. Vasomotor rhinitis – 170
- **Chapter 32 – Nasal Polypi**
  - 1. Antrchoanal polyp (killius polyp) – 173
- **Chapter 33 – Epistaxis**
  - 1. Epistaxis – 176
  - 2. Posterior nasal packing – 179
- **Chapter 34 – Trauma To The Face**
  - 1. Nasal bone fractures – 182
  - 2. Rhinoplasty – 182
- **Chapter 35 – Anatomy and Physiology Of Paranasal Sinus**
  - 1. Maxillary sinus – 187
- **Chapter 37 – Chronic Sinusitis**
  - 1. Functional endoscopic sinus surgery – 197, 419
- **Chapter 40 – Neoplasm of Paranasal Sinus**
  - 1. Malignancy of paranasal sinus – 205
- **THROAT**
  - **Chapter 43 – Common Disorder of Oral Cavity**
    - 1. Aphthous ulcer – 218
  - **Chapter 44 – Tumour of Oral Cavity**
    - 1. Ranula – 224
    - 2. Leucoplakia – 224, 225
    - 3. CA tongue – 227, 304, 371
  - **Chapter 47 – Anatomy and Physiology Of Pharynx**
    - 1. Killians dehiscence – 238
  - **Chapter 48 – Tumours of Nasopharynx**
    - 1. Management of juvenile angiofibroma of nasopharynx – 246, 248
  - **Chapter 51 – Acute and Chronic Tonsillitis**
    - 1. D/D for white patch tonsil – 254
  - **Chapter 52 – Head and Neck Space Infections**
    - 1. Ludwigs angina – 263

2. Quinsy (peritonsillar abscess) – 264
  3. Retropharyngeal abscess – 265
- **Chapter 54 – Tumours of Hypopharynx And Pharyngeal Pouch**
    1. Postcricoid growth – 273 (CA postcricoid)
    2. Glottis – 284
    3. Cartilage of larynx – 252
  - **Chapter 58 – Acute and Chronic Inflammation Of Larynx**
    1. Acute epiglottitis (supraglottic laryngitis) – 289
    2. Reinkes oedema – 292
  - **Chapter 59 – Congenital Lesions of Larynx**
    1. Laryngomalacia – 295
    2. Direct laryngoscopy – 297, 422
  - **Chapter 60 – Laryngeal Paralysis**
    1. Vocal cord paralysis – 299
    2. Left vocal cord palsy – 299
  - **Chapter 61 – Benign Tumours of Larynx**
    1. Benign tumour of larynx – 303
    2. Vocal nodule or singer's nodule – 303
    3. Laryngocele – 304
    4. Multiple juvenile papilloma – 305
    5. Papilloma larynx – 305
    6. Vocal cord polyp – 304
  - **Chapter 62 – Cancer Larynx**
    1. Indirect laryngoscopy – 309, 287
  - **Chapter 63 – Voice and Speech Disorders**
    1. Puberphonia – 314
    2. Rhinolalia clausa – 315
  - **Chapter 64 – Tracheostomy**
    1. Tracheostomy – 316
  - **Chapter 65 – Foreign Bodies of Air Passages**
    1. Foreign bodies in throat – 321
    2. Heimlich manoeuvre – 323

- **Chapter 68 – Disorder of Oesophagus**
  1. Plummer vinson syndrome – 343
  2. Achalasia cardia – 344
- **Chapter 69 – Dysphagia**
  1. Investigation for dysphagia – 347

- **Others**

- **Chapter 71**
  1. Laser in ENT – 354
- **Chapter 75**
  1. Aids in ENT – 369
- **Chapter 77**
  1. Thyroglossal cyst – 390
- **Chapter 79, 80**
  1. Mastoidectomy
- **Chapter 90**
  1. Tonsillectomy – 428
- **Chapter 94**
  1. Adenoidectomy – 431

- **Out of Dhingra**

1. Nasolacrimal duct
2. Tympanic bone
3. Glottitis
4. BAD syndrome
5. Odynophagia
6. Anti – neoplastic drugs
